Wife so Weak and Nervous  
Could Not Stand Least  
Noise—How Cured.

Munford, Ala.—"I was so weak and nervous while passing through the Change of Life that I could hardly live. My husband had to nail rubber on all the gates for I could not stand it to have a gate slam."

"I also had back-ache and a fullness in my stomach. I noticed that Lydia E. Pinkham's Vegetable Compound was advertised for such cases and I sent and got a bottle. It did me so much good that I kept on taking it and found it to be all you claim. I recommend your Compound to all women afflicted as I was."—Mrs. F. P. MULLENDORF, Munford, Alabama.

## CALIFORNIA STANDS BY ALIEN BILL

SACRAMENTO, April 28.—Despite the eloquence of Secretary of State Bryan, notwithstanding the earnest and powerful protests of President Wilson, in the face of the almost unanimous opposition of the press of the nation, in disregard of the warnings of Theodore Roosevelt and in the knowl-  
edge of the diplomatic tension that the act will create between Washington and Tokio, it is believed now that the majority of the members of the California legislature is resolved to pass the Anti-Alien Land Bill with the objectionable "ineligibility clause" in-  
tact.

The secretary of state advanced the views of the president at a conference of the legislators today and presented the arguments that make the proposed measure inimical to national and international interests. He urged the legislature to go slow and pointed out the fact that there existed no urgent political reason why the bill should be passed at this session.

Governor Hiram Johnson, after a number of the members of the assembly and senate had spoken at the conclusion of Secretary Bryan's argu-  
ment, addressed the conference and warmly defended the clause which would make all those ineligible to become citizens of the country ineligible to own or lease land within the state. He announced that he differed radically with both the president and Mr. Bryan, both as to the constitutionality of the clause and also as to its inadvisability.

At the conclusion of the conference, the secretary of state asked that no definite action be taken by the legisla-  
ture until he had had an opportunity of reporting direct to the president and of receiving a reply from Wash-  
ington. To this the legislators agreed.

The anti-alien land situation in California was brought to the at-  
tention of one house at Washington today in a fierce speech by Repre-  
sentative Sisson of Mississippi.

He declared that no alien should be permitted to own American land, declaring: "Before we allow any for-  
eign nation to dictate our land hold-  
ing laws we should fight."

Representative Sisson called the situation acute. He declared foreign-  
ers should not be allowed to own land, adding: "If I should have the alternative of war or submission to Japan's arrogant claims, I would be for war. What would Washington say if it were confronted with the same proposition? Treaties should not in-  
terfere with the rights of states. I stand with the people of California in this matter."

Admission that he has sold the American rights to his alleged cure for tuberculosis was made in New York today by Dr. F. Friedmann, the Berlin scientist.

Morris Esener, of Esener, Mendel-  
sohn & Company, who purchased the rights, and Doctor Friedmann are drafting the final papers.

"The main contingency whereon I agreed to enter into this arrange-  
ment today," said Doctor Friedmann, "was that poor persons should be treated without charge. That pro-  
vision is in the contract and it is also understood that the first institute is to be opened soon."

San Francisco's chief of police, A. D. White, today received assurances from two detectives accused in the latest police scandal that they would confess their part in the criminal ring which controlled the bunco-graft, provided they were assured of im-  
munity. It is expected that these suspended officers will go before the grand jury tomorrow and lay bare the method under which the police gave protection to the bunco men in re-  
turn for a percentage of the sums of which victims have been mulcted.

Late tonight a report reached police headquarters that Lello Pelligrini, chief go-between in the \$300,000 bunco operations and the first man indicted by the grand jury, has fled to Italy.

Jacob Oppenheimer, the "human tiger," admittedly the most desperate convict ever confined in prison in California, will be hanged in Folsom prison on June 5 next. This sentence was pronounced upon Oppenheimer today for the last three murders he has committed since being sent to prison nearly twenty years ago.

For more than fifteen years he has been kept in solitary confinement, subjected to the most rigid prison discipline, and everything possible done to compel him to observe the regulations. On two occasions he was allowed brief freedom in the yard, and each time he succeeded in murdering a fellow convict.

Is this your boy?

Is he too weak and sickly to join his companions in play, and are you helpless in spite of your utmost efforts to make him well?

What have you done toward building up his blood? Pure, red blood is what he needs most, if he is to become active and strong. It is the lack of it that causes his pal-  
lor, listlessness, poor appetite, lack of ambition, sleeplessness and short-  
ness of breath.

Have you given him Dr. Wil-  
liams' Pink Pills for Pale People? They are the remedy every grow-  
ing boy or girl needs to build up the blood and bring health, strength,  
a good color, a hearty appetite and strong nerves.

Mrs. John Blake, whose address is R. F. D. No. 2, Verona, N. Y., says: "We had Howard treated by a doctor for several weeks but he became no better. He had scarcely any blood, was thin, weak and badly run down. We felt that something had to be done quickly and turned to Dr. Williams' Pink Pills. They started to build up his blood at once. His color became healthy, he grew stronger and in a few weeks was as well as ever."

Dr. Williams' Pink Pills for Pale People are valuable in all diseases where the blood is at fault, as in chlorosis, rheumatism, after-effects of the grip and fevers, headaches and all run-down conditions.

An instructive booklet, "Build-  
ing Up the Blood" will be sent free upon request.

Get the pills from your druggist at 50 cents per box, six boxes for \$2.50 or from the

Arrested on a charge sworn to by Florence Grayson, a fifteen-year-old school girl, Wm. A. LaCasse, an auto agent, is awaiting the efforts of his attorneys, who are seeking to provide bail. He was arrested in the apart-  
ments of Mrs. Paul Engstrom at Los Angeles.

A similar warrant was issued for the arrest of Richard Hollingsworth, an auto salesman. The charges of the Grayson girl, the police say, have been substantiated by several girl students of a Los Angeles high school, who are expected to be called before the grand jury.

Representative Sereno Payne of New York, today, in the house, at-  
tacked the Underwood bill and de-  
fended his own measure. He predicted disaster for the country if the Under-  
wood bill passes.

Home Secretary McKenna today ex-  
tended Mrs. Emmeline Pankhurst's "ticket of absence" from Holloway prison. It is said the suffragette leader is critically ill and that her life would be jeopardized if she were made to return to prison.

To wrest Scutari from the victori-  
ous Montenegrins, ten thousand Aus-  
trian troops are marching on that city today, according to a dispatch from Rome. It is declared further that an Austrian fleet has already left Trieste to harass the Montenegrins.

According to rumors current in Berlin the Austrians have already taken Antivari and two other coast towns and are now marching against Cetline.

The rumors are discredited but the situation is acute.

Essad Pasha, whose army was re-  
cently allowed to leave Scutari, after surrendering that city to Montenegrin troops, today has proclaimed himself King of Albania. He is reported marching today at the head of forty thousand troops, intending to capture the city and formally acclaim himself king.

It is reported in London today that the rumored bloody fighting about Scutari was a theatrical play staged by Essad Pasha and Montenegrin officers to deceive Europe. Montenegro and Serbia are known to favor Essad Pasha's proclamation and Bulgaria may also.

**NO ANTI-ALIEN LAW,  
SAYS WICKERSHAM**

Declaring that he personally saw no reason why naturalization rights should not be extended to the Japan-  
ese equally with other nationalities, George W. Wickersham, former at-  
torney-general of the United States, is reported to have discussed freely the anti-alien agitation in California. Mr. Wickersham, who is now travelling in Japan, stated that in his opinion no measure which discriminated adver-  
sely against the Japanese would ultimately become a law in the United States. "Politics in California," said Mr. Wickersham, "bear a special com-  
plexion and outsiders at a distance, unfamiliar with the local situation and the local point of view, are apt to mis-  
judge particular issues and to exaggerate their gravity because they appear to be causing great excitement, where-  
as often enough the fuss and noise mean little or nothing."

The German government has de-  
manded an investigation of the assassi-  
nation of a German manager of the Constanca Woolen Mills, by Mexican revolutionists at Nombro de Dios, Durango.
